Manuscript title	Research on the Impact of Tariff Incidents on the Stock and Gold Markets: An empirical analysis based on the ARIMA model

Dear Author(s):

Thanks for your contribution! We are pleased to inform you that the above paper has passed the peer review, and has been accepted by the 2025 5th International Conference on Economic Management and Corporate Governance (EMCG 2025).

EMCG 2025 aims to bring researchers, academics and students to the areas of economic management, business information systems, decision sciences, corporate governance, market structure and pricing, and will provide an international forum for sharing the most advanced research results, experiences and original research contributions on related topics.

All accepted papers will be published in the conference proceedings of "Highlights in Business, Economics and Management" (ISSN: 2957-952X), which is an open access, peer-reviewed publication series published by Darcy & Roy Press. And all published papers will be submitted to Crossref, Harvard Library, ResearchGate, Google Scholar and CPCl databases.
